

## **Pineland Suzuki School Chamber Music Program**

**2018-2019**

Welcome to both new and returning chamber music students!

**Deadline to sign up is September 1.**

Pineland Suzuki School offers chamber music for intermediate and advanced students, Book 4 and up. Some older and mature Book 3 players are also welcome! Playing in a small group is an essential step to becoming an independent and mature musician. With a single instrument on each part, this learning opportunity is also a great responsibility. Once the music has been provided, you are expected to learn the notes before each rehearsal.

Because of the immense benefits to students' musicianship training, we highly recommended all Book 4 and up students take chamber music for at least one session and/or in the summer. Besides, it is **so much fun!**

Each session includes 6 coaching rehearsals and at least 1 concert. To keep our tuition fees reasonable, some performances may be for fund raising. Look at your schedule carefully to plan which session(s) you will attend. **Each rehearsal and concert are required.**
